

Department of Finance and Banking

Department's Mission

Our mission is to provide our students with education benchmarking the highest international standards in the area of banking and finance. Our graduates will become financial sector specialists who are needed to improve the management of private sector financial institutions as well as to design the financial and monetary policies in public sector institutions such as the Ministry of Finance and the Central Bank.

Distinguishing Attributes

The department has proven its competence in the field of banking and finance education with the FIBAA (Foundation for International Business Administration Accreditation) accreditation from Germany it received in 2014. Our students get the chance of improving their written and oral communication and individual research skills. In addition to this, in many courses, much of the weight is given to term projects, assignments and practical application of knowledge and skills. We believe, this approach is an advantage for our graduates after their graduation, when they are looking for jobs.

Technical Attributes

“Trade Master” Finance Laboratory collaboratively established by Eastern Mediterranean University (EMU) and İş Yatırım at the Department of Finance and Banking. In this laboratory, our students simulate financial markets and participate in international and national competitions.

Career Opportunities

Graduates of the Programs offered by the Department of Finance and Banking have excellent job opportunities in private financial institutions as well as in key government ministries and agencies, including central banks. Some of the financial institutions where our alumni have found employment are Deloitte LLP (UK), Tesla (Amsterdam), African Development Bank (Tunis), European Bank for Reconstruction Development (EBRD, London), JP Morgan (New York), Isbank (Turkey), Alfa Bank (Albania), Bank of Montreal (Canada), Stanbic Bank (Ghana), and HSBC Bank (North Cyprus).
