2012	Fellow	Higher Education Academy (UK)
2011	PG Cert Teaching in Higher Education	University of Greenwich
2005	Commercial Bank Training	USAID

PROFESSIONAL EXPERIENCE

4/2022–
Present **Consultant - Policy Analyst on Banking and Financial Markets**
Economic Analysis Program for Growth and Sustainable Development
World Bank Group, Cyprus

- *Serving as a subject matter expert and policy analyst on a policy-related project in Cyprus funded by the European Commission. Responsibilities include stock taking, analysis and prioritization of policies and regulatory initiatives with respect to banking and payments systems, preparing and presenting policy recommendations for policy implementation based on identified gaps and priorities, and formulating policy advice to inform the development of new policies and regulatory changes.*

7/2018 –
05/2020 **Manager (Regulatory Policy and Strategy Consultant)**
Financial Services Business Risk and Controls
PricewaterhouseCoopers LLP, UK

- *Acted as a thought leader/policy analyst on the new EU prudential regime for investment firms, the EU Banking Package –BRRD / CRR II / CRR III, CRD IV / CRD V (including RTS/ITS), Basel III / Basel IV and Brexit, delivering regulatory policy insights and regular updates on policy progress to internal stakeholders, banks and investment firms through presentations, trainings and publications, as well as leading on the analysis of emerging regulatory issues, the articulation of a PwC point of view and the development of a PwC proposition through various publications and client events*
- *Provided critical policy insight and technical support to banks and investment firms, driving their internal change management processes with respect to regulatory reporting requirements for their UK subsidiaries as well as EEA and third country branches, i.e.*

FINREP, COREP, Bank of England Statistical Reporting, FSA and PRA returns, Branch Returns, EBA ITS resolution planning templates, PRA MREL returns, as well as Temporary Permissions Regime requirements

- *Executed regular horizon scanning, policy analysis and regulatory mapping of prudential regulations for investment firms and banks, tracking legislative processes and regulatory changes across geographic regions in collaboration with PwC offices in the US and across the EU, as well as liaising with the UK and overseas regulators, carrying out stakeholder engagement and management to identify, pitch and execute regulatory projects and initiatives*
- *Managed a broad range of regulatory compliance projects for banks and investment firms coordinating concurrent work streams across multiple service lines, including subsidiary and branch legal entity authorisation processes, ICAAP and ILAAP preparation, review of 3LoD arrangements, preparation of Pillar III disclosures and other regulatory disclosures and submissions, as well as designing and implementing internal regulatory controls providing board training ahead of regulator visits and conducting mock interviews for SMF applicants*
- *Participated in ISDA EMIR Consultative Group, ISDA EMIR Review Working Group, ISDA European Government Relations Working Group, ISDA U.S. Regulatory Group, ISDA Bank Resolution Legal & Regulatory Implementation Group, ISDA Financial Law Reform Group and ISDA Fintech Legal Group*

01/2017 – **Senior Supervisor - Structural Reform**
06/2018 **Retail Banking Ring-Fencing Department**
Financial Conduct Authority, UK

- *Oversaw project management of structural reform implementation processes and related change management processes of major UK banks ensuring that their legal entity authorisation processes, proposed group re-structuring plans, contingency measures and management actions are feasible, comprehensive and are in line with the relevant conduct risk regulations*
- *Coordinated a team of legal experts, technical specialists and change management professionals to monitor and assess the progress of firms' concurrent ring-fencing related change management processes to ensure they remain compliant with the regulatory requirements of the ring-fencing structural reform, the set statutory deadlines and agreed project milestones*
- *Maintained close relationship with stakeholders comprising the C-suite, senior management and project management teams, reviewed change project processes, challenged proposed project milestones, contingencies and go-live dates, identified, communicated and tracked the progress of any prescribed management actions in close collaboration with the PRA*
- *Led on the supervision of the end-to-end legal entity authorisation process and legal asset transfer procedures (RFTS) of a new investment bank in collaboration with subject matter experts, senior stakeholders within the FCA and the PRA, tracking progress to ensure timely execution and delivery as per the established processes and protocols*
- *Appraised firms' proposed legal entity structures, regulatory business plans, regulatory waiver applications as well as ICAAPs, ILAAPs and legal entity governance structures, coordinated FCA-PRA joint approval processes, made recommendations to senior stakeholders and communicated supervisory decisions to firms' senior management*
- *Managed multiple prudential and conduct risk related work-streams such as contingency planning, business model viability, funding strategies, asset transfers, client communications, business strategies, shared service arrangements, internal controls, and three lines of defence arrangements*

07/2015 – **Senior Supervisor - International Banks Directorate**
11/2016 **Prudential Regulation Authority**
Bank of England, UK

- *Led on the microprudential supervision of the UK subsidiaries and branches of a portfolio of G-SIBs, tracking their regulatory returns, disclosures and submissions to assess their capital and liquidity positions, operational resilience and business viability, as well as managing the relationship with the internal and external stakeholders*
- *Coordinated and executed thematic and deep-dive risk reviews across firms' legal entity functions, governance frameworks, operational resilience, 3LoD arrangements, Brexit-related contingency plans and internal controls and processes*
- *Appraised CRR permission applications, regulatory business plans, regulatory waiver applications, operational risk frameworks ICAAPs, ILAAPs and RRP in collaboration with subject matter experts, making recommendations to senior management and communicating supervisory decisions to firms' senior management*
- *Oversaw project management of concurrent authorisation processes of subsidiary and branch applications in collaboration with the FCA to ensure timely delivery of regulatory submissions and completion of prescribed management actions*
- *Chaired regular "trilateral" meetings with the PRA and the firms' C-suite, as well as ad hoc meetings with the firms' change management, IT, Risk and Treasury/ALM functions to track the progress of concurrent regulatory projects to track progress, identify emerging risks and to appraise potential remedial actions,*
- *Processed firms' SMF applications, prepared briefings and conducted SMF interviews*
